EMPLOYMENT APPLICATION TERMS AND CONDITIONS

- 1. Equal Opportunity Employment. All qualified applicants will receive consideration without unlawful regard to age, race, color, religion, creed, sex, marital status, national origin, disability, military status, or any other basis protected by law. If you have any concern about the legality of any question, please call it to the attention of a Company officer and discuss your concerns.
- 2. Completeness and Accuracy of Information. I represent that all of the information now or hereafter given by me in support of my application for employment is true and complete. I understand that any false, omitted, or misleading information submitted during the application process or during the health examination will disqualify me from consideration for hire. If I have already been hired before the falsification or omission is discovered, my employment will be terminated.
- 3. Authorization for Release of Information and Release from Liability. I authorize you to verify any of the information given during the application process with appropriate individuals, companies, institutions, or agencies; and I authorize them to release such information as you require, including my prior disciplinary employment records, criminal background, security clearance, past employment, and education without any obligation to give me a written notice of disclosure. I hereby release you and them from any liability whatsoever as a result of such inquiries and disclosures. A photocopy or other electronic reproduction of this authorization/release is binding and may be relied upon.
- 4. No Written, Oral or Implied Contracts. I understand that all employment with the Company is "at will". This means that just as I have the right to terminate the employment relationship at any time, with or without any reason, the Company retains a similar right. I understand that any written company documents, or any oral statements made either during the application process or, if I am employed, after I am employed should not be relied upon by myself as altering this general policy. I acknowledge that only the Company President has the authority to alter the at-will nature of employment, and then only by a written contract specifically signed by the individual and the Company President.
- <u>5. Travel or Relocation.</u> I understand that the nature of the business of the Company is such that I must be willing to travel or even move to various locations. I agree to travel or move when required.
- 6. Policies and Benefits May be Altered. I understand that, as a part of the nature of at-will employment, the Company may at its option, change, delete, suspend, or discontinue any policy that may be in place during my employment at any time, without prior notice. I also acknowledge that the Company reserves the right to change, delete, suspend, or discontinue any part or parts of any benefit program at any time without prior notice, both while an individual is actively employed and after the employment relationship has terminated, including by retirement.
- <u>7. Job Application Policy.</u> We generally accept job applications only when we have determined there are jobs available or soon to be available which we intend to fill. When we make a determination there are jobs which we intend to fill, we reserve the right to review active applications already on file prior to accepting applications. Given the nature of our business, we reserve the right to not hire persons even though applications have been accepted should us determine our needs were not as we initially projected. Applications are considered 'active' for a period of 30 calendar days from the date they were initially signed. An applicant who wishes to be considered after the expiration of that period may establish one (1) additional 30-day 'active' period by either calling or personally visiting the company office no sooner than five (5) calendar days prior to and no later than five (5) calendar days after the expiration of the initial 30-day period. In that event, the second 30-day active period will commence immediately upon the expiration of the first. After the expiration of the 'active' period, a new application must be completed.
- 8. Health Examination. I understand and agree that an offer of employment may be conditional upon successful completion of a health examination, which includes a drug screen. I further understand that if I am offered employment and refuse to participate in the health examination or drug screen, my offer of employment will be withdrawn. I further understand that if alcohol or illegal drugs are detected, I will not be employed. I understand that any false, omitted or misleading information submitted during the health exam will result in termination of my employment, even if the falsification, omission or misleading information is revealed after I have been hired and I have been working for the company.
- 9. Background Investigation. We are required to advise you a routine inquiry may be made which you will provide applicable information concerning character, general reputation, personal characteristics, and mode of living. You have a right to make a written request within a reasonable period of time to receive additional detailed information about the nature and scope of any such investigation report that is made.

I acknowledge I have read and	l understand all the above t	erms and that I agree with them.

- 1. We hire applicants solely based upon merit We do not unlawfully discriminate on the basis of union or non-union affiliation, race, sex, marital status, color, creed, religion, age, national origin, disability, or any other basis protected by law.
- 2. We generally accept job applications only when we have determined there are jobs available which we intend to fill. When we make a determination there are jobs which we intend to fill, we reserve the right to review active applications already on file prior to accepting applications. - 3. Individuals that have previously been employed by Micar must submit a new application to be considered for reemployment. Old job applications will not be accepted for individuals attempting to be reemployed by Micar.
- 4. We do not accept group applications, and we accept only numbered originals of our application materials.
- 5. Any applicant who falsifies or omits information on the application, provides false, incomplete, or misleading material information during the application process will be disqualified from consideration for hire. If the individual has already been hired before the falsification or omission is discovered, their employment will be terminated.
- 6. We hire based on personal contact with individuals. We base our hiring decisions on a variety of factors including skills and ability to perform the job, prior employment with us, employment references, willingness to accept the offered salary, and personal interviews.
- 7. All employees are expected to be available to work and to work the hours appropriate for their employment status. It is the nature of our business that work may need to be done on a tight schedule. Just as the classification of an employee is not a guarantee of a certain number of hours of work, it is not a limitation on the number of hours for which an individual may be assigned. Work outside of the 'norm' may be assigned on a daily or weekly basis, and an employee is expected to work as assigned unless prior approval has been given or the Company is aware prior to the assignment of conditions which would preclude an individual being able to work. Full time employees are expected to be available for a 'regular' 40 hour per week schedule plus overtime as may be required by the company. Regular part time and temporary employees are expected to be available for the hours for which they committed to work at the time of hire. Our employees are prohibited from:
 - a. Working for or having an ownership interest in any other electrical or electrical controls contractor of any size or type or any organization involved in or with the electrical construction business (except that an employee may, with the approval of the Company, be an instructor in an apprenticeship or other training program in which the Company participates).
 - b. Company employees may not own (in whole or in part, directly or indirectly), manage, be a consultant to, or have any relationship with an electrical contracting business doing residential, commercial, industrial, or institutional work.
 - c. Due to the nature of the construction business, regular, full-time employees of the Company are prohibited from being employed by any other entity or person while under our employment without the express prior approval of the Company. Even if such approval is given, the Company reserves the right to rescind such approval if, in our opinion, the additional outside employment is conflicting with the performance of or the availability for performance of duties for the Company.
